

“Flintstones” BOW Style

A song by Nancy Burke

Women, all BOW women
Let's make a little history.
In this simple little camp
Who knows what we'll turn out to be.

Come play, with the women that you meet
Because the novelty just can't be beat.

Women all BOW women
Let's make a little history.

Turning learning, into a little fun.
Fishing, shooting, your outdoor life's just begun.

Some way, you'll make a friend today
So just forget about your man.
Eat all that you can.
Sleep when you get home.
Forget about your phone.

And have a gabby happy BOW time
Because it's Yo time
Just have a great BOW time!
